

PRP Used with Fillers

Non-Surgical Facelift and Beyond

H. William Song, MD

Disclosures

- Conducting research for Refine USA
- AAEG faculty
- Vampire O-Shot P-Shot Trainer

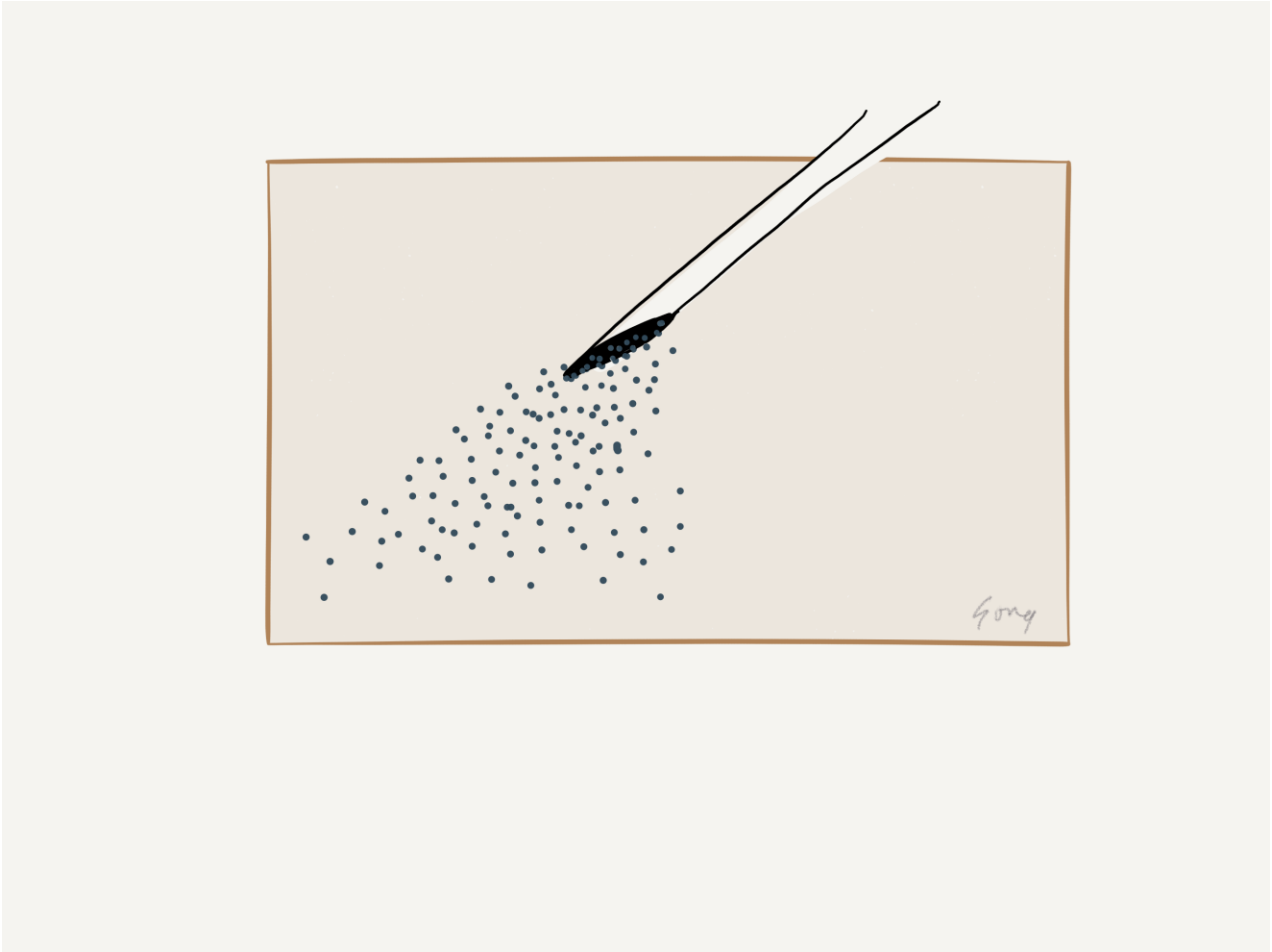
Choice of Fillers for Non-Surgical Facelift

- Hyaluronic Acid Fillers (Juvederm® Restylane®)
- Calcium Hydroxylapatite (Radiesse®)
- PLLA (Sculptra®)
- PMMA (Bellafill®)
- PRP
- Autologous fat

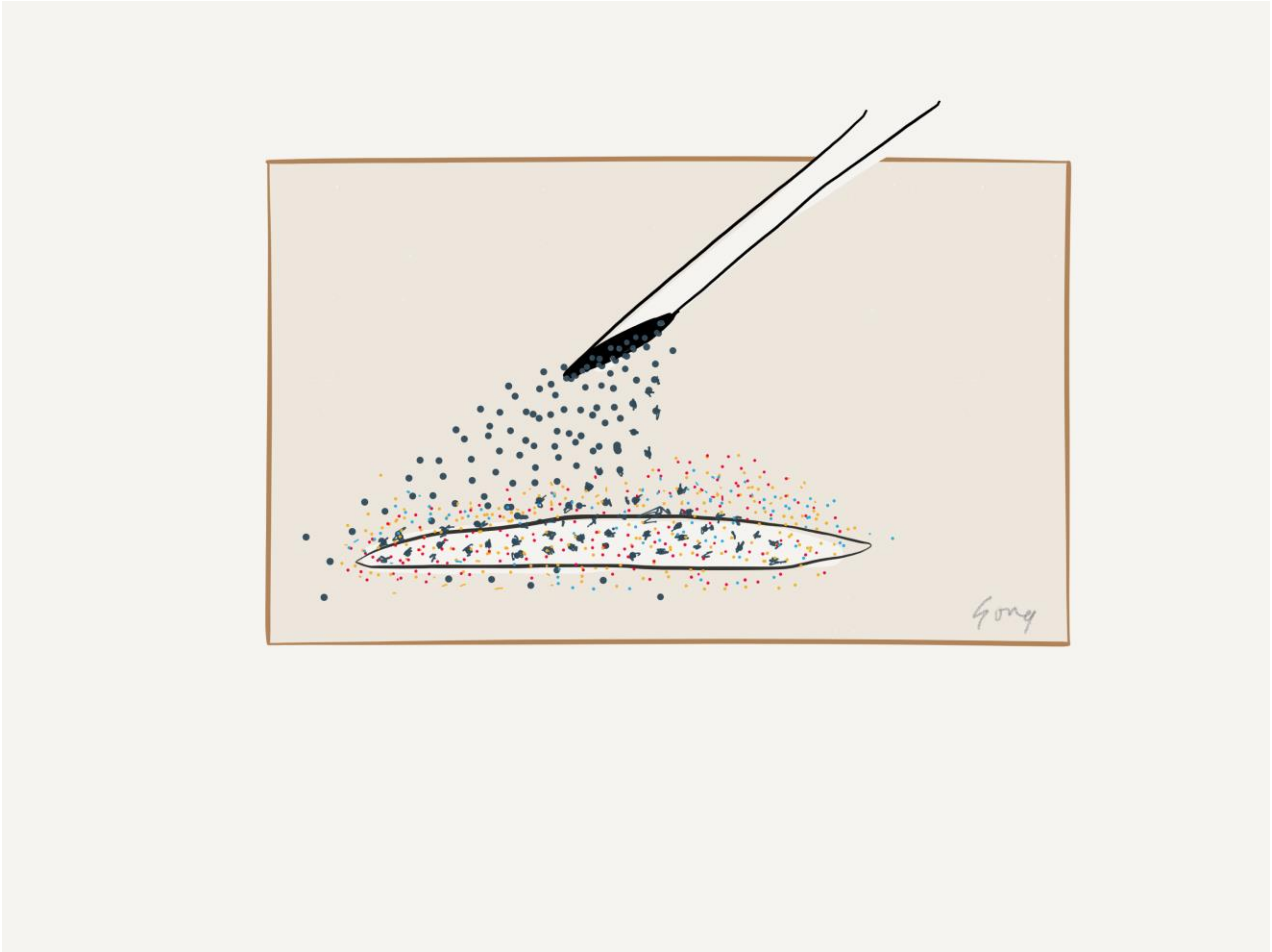
Where to inject

Boost with PRP

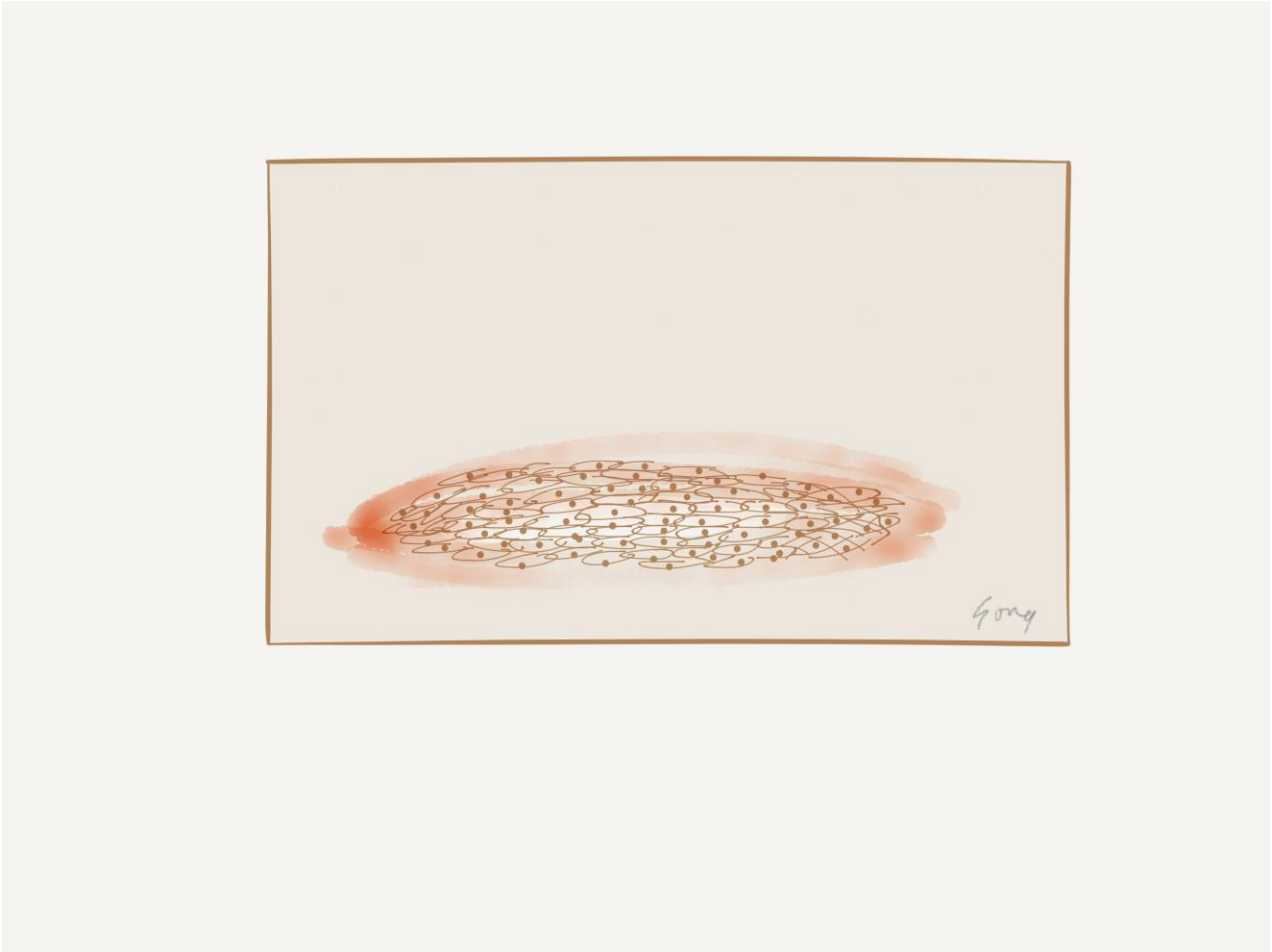
Why Add PRP over fillers



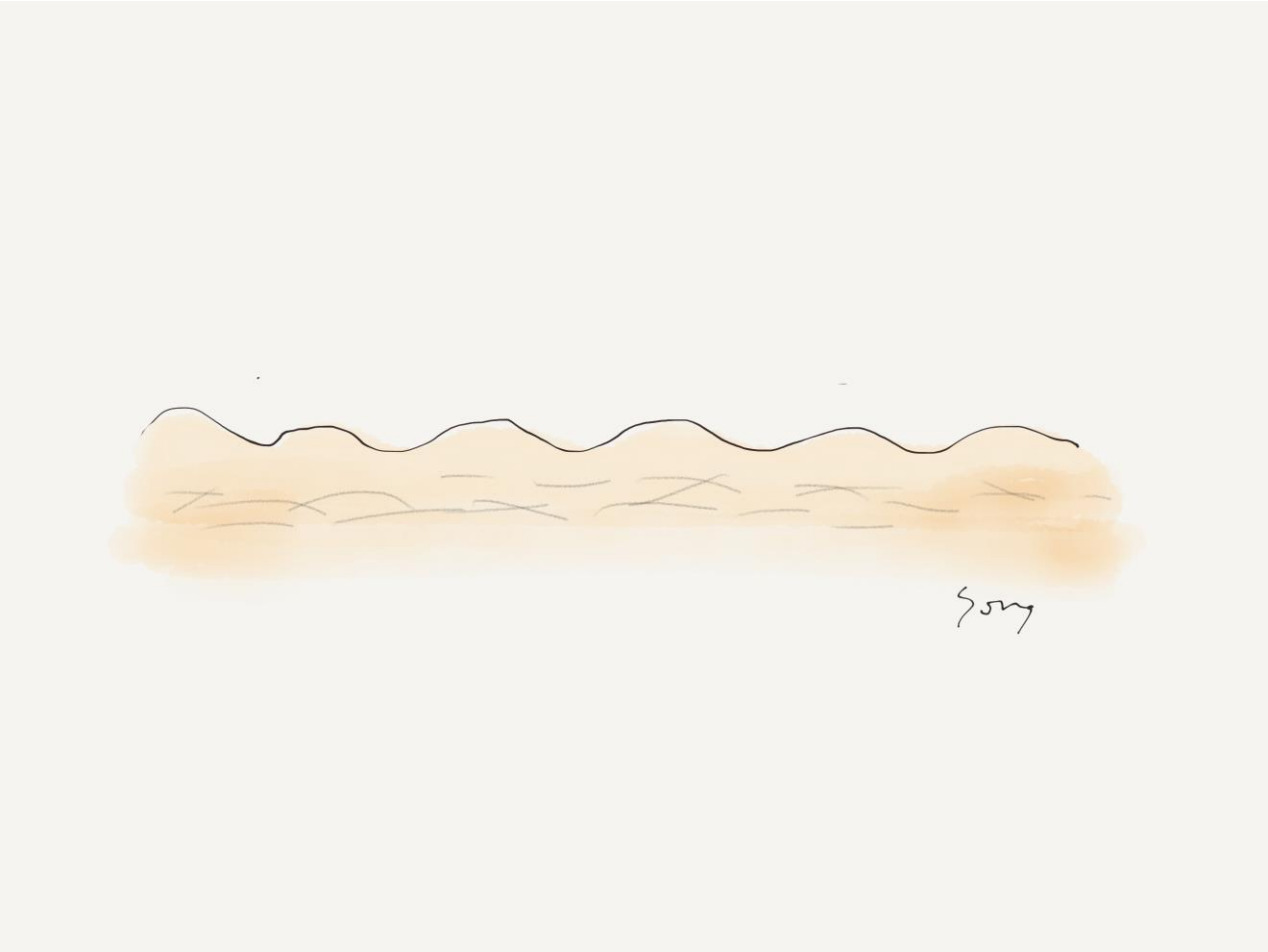
Filler acts as a scaffold



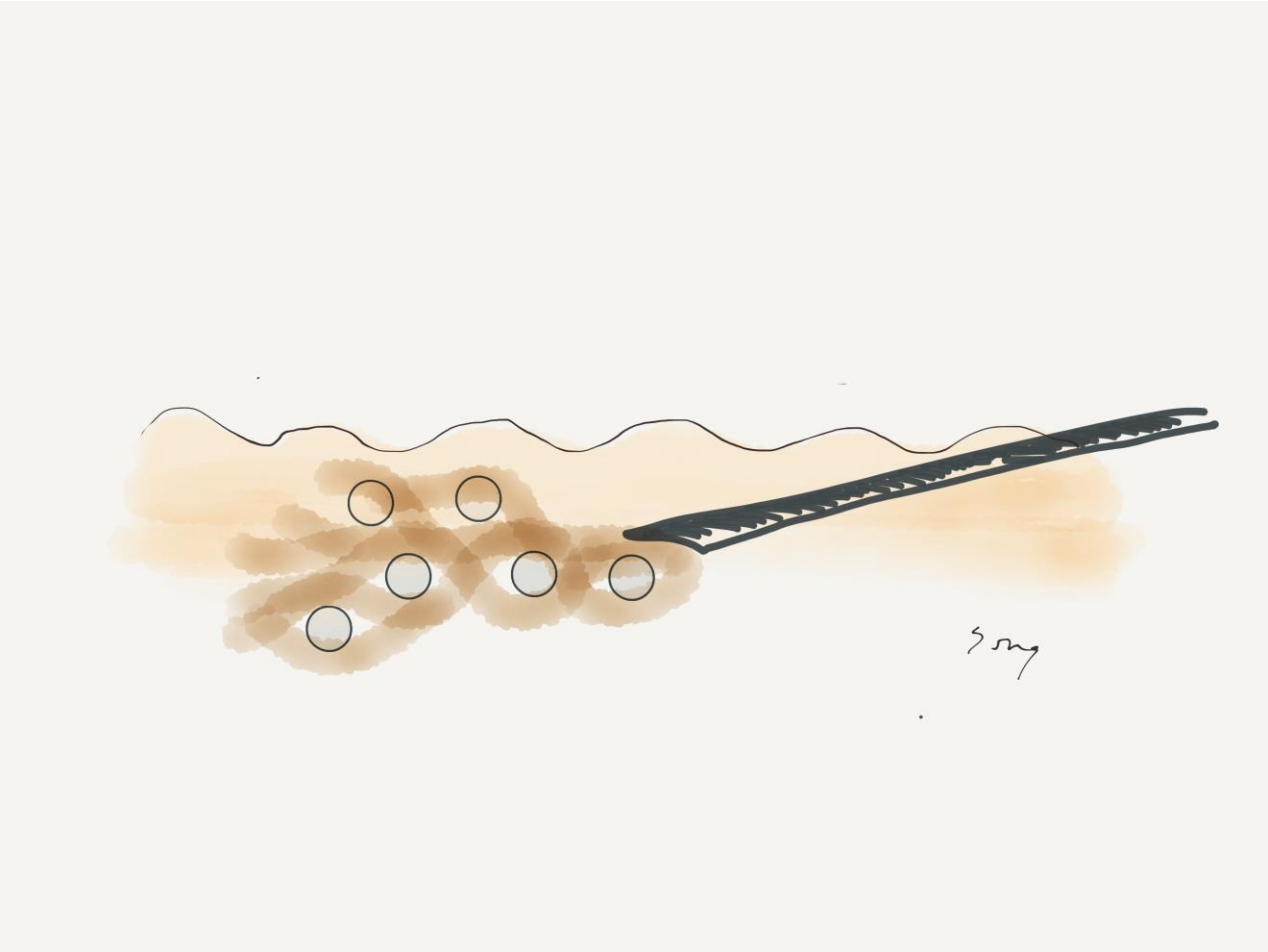
Your own collagen adds the volume



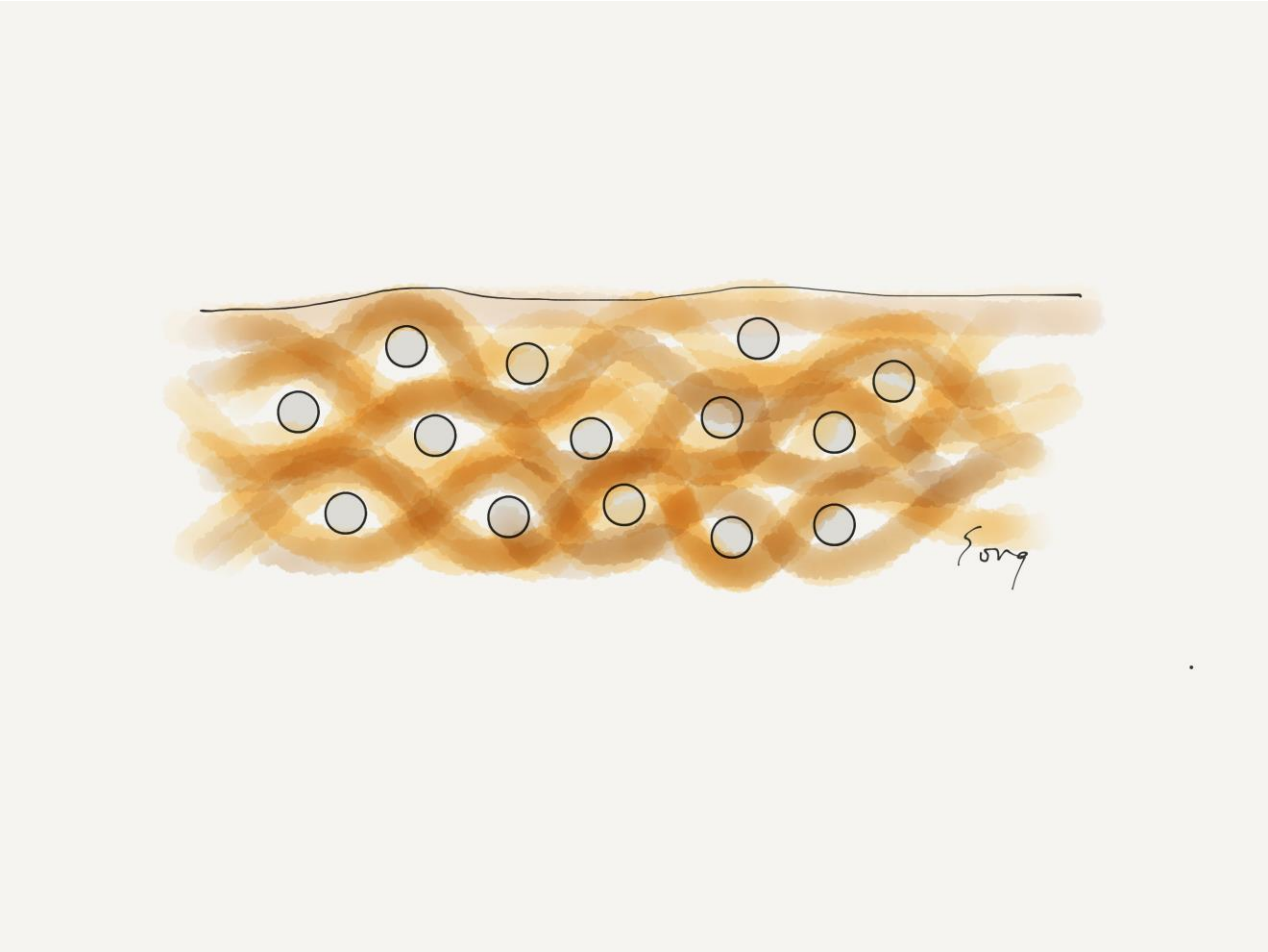
Making it last



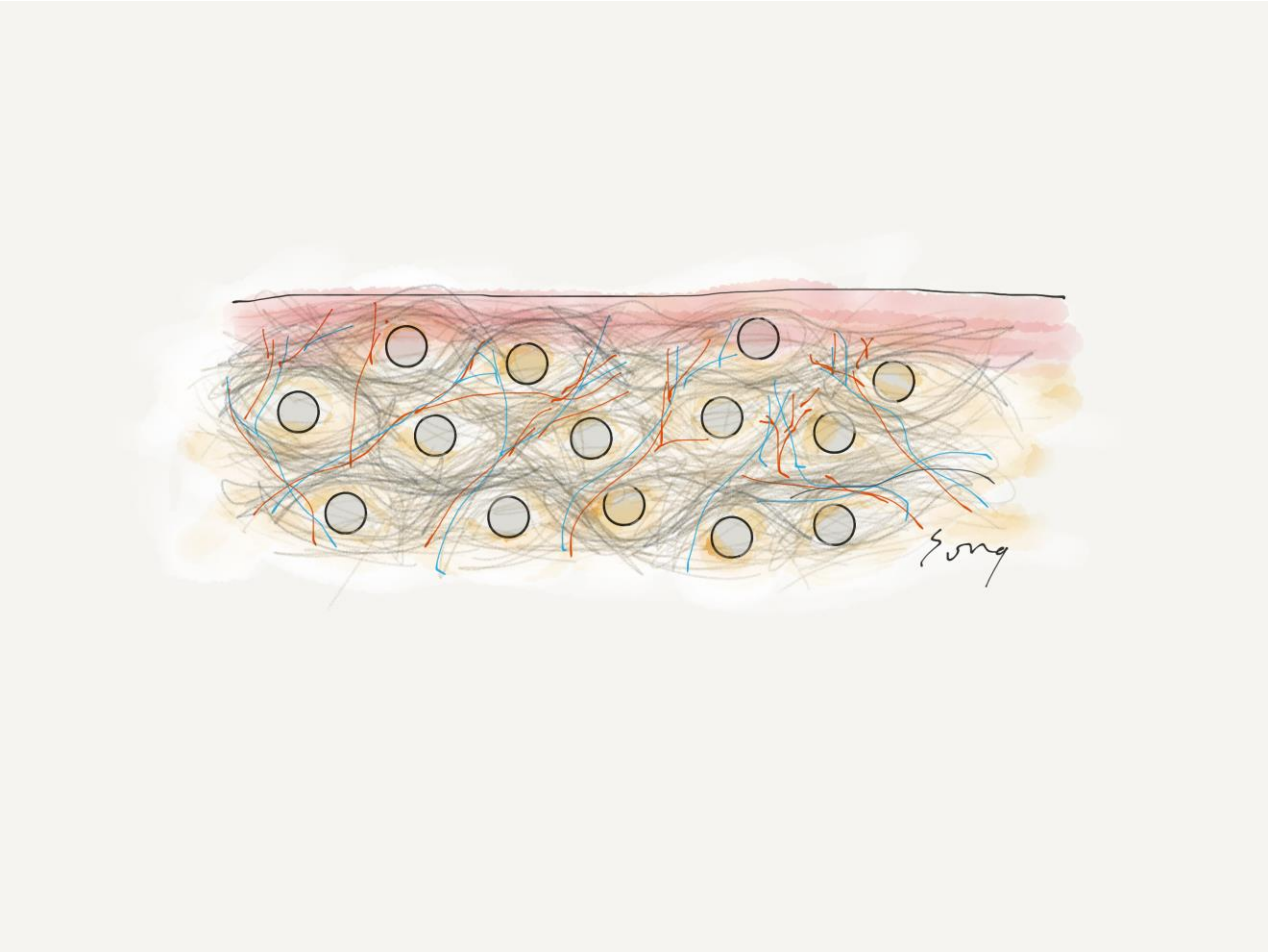
Consider PMMA



PMMA particles permanently mark the spot for collagen production



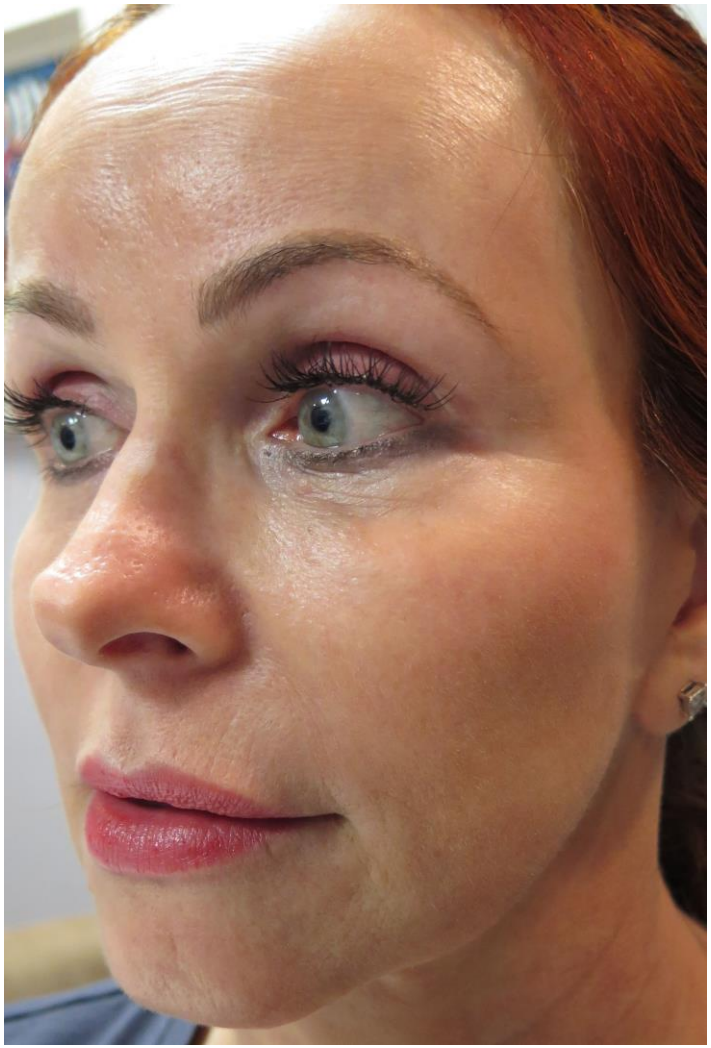
Collagen and neovascularization occur over the PMMA scaffold



1 Syringe of HA with PRP

5 syringes of PMMA with PRP

2 syringes of PMMA with PRP



PRP Beyond the Face
